

► **KNOB HT4153 - BACKPLATE HT3258v**

The HT4153 oblong knob is an example of English Deco from the 1920's, its domed and faceted face framed by a stepped edge. It can be paired with a variety of backplates.

The elongated HT3258v backplate with stepped edging and visible mounting screws is shown. See HT3258v for additional backplate information.
